Champlain Valley Vermont Chapter #2433
McGillicuddy's on the Green, Colchester, VT
Meeting Minutes
April 13th, 2017

For our April meeting, 32 of us were at McGillicuddy's in Colchester. It seemed like there was an electric atmosphere in the room which I'm sure had something to do with the riding weather that was upon us. After a quick show of hands there were about 10 members that rode that evening. After the Pledge of Allegiance, Steve decided we did not need to do introductions as we had Debby Pearson in the house with her special Artic Circle presentation.

Director-Steve McGrath: Steve started out by acknowledging the veterans amongst our membership by having them stand up to a round of applause.

Steve had some handouts for anyone that did not pick one up yet with info on all our overnight rides. Then he asked Armand how the T-shirt order was doing to which Armand responded that we were still at 8 but for a \$25 set-up fee we could do the 8 shirts and just tack the extra cost onto the price. He would be putting another e-mail reminder out about that.

Steve talked about the great LOH March that Sue Carp had arranged. We had the "Sip'n'get'drunk/paint" at the dealership and the movie night to watch "ChiP's the movie". Dave Pearson brought up the fact that he had the "On Any Sunday" DVD and would send it to Sue if she wanted to set something up for that. Sue suggested a big building that might have motorcycles that needed to be moved. Dave was quick on the take and said that would work too. Dave says the cinemaphotography is pretty phenomenal!

Steve also said that we now have Rick's Catering to do our HOG roast this year which will be held at Todd and Lisa Poole's house in N. Ferrisburg. Steve just happened to pop in to Rick's when he was in the area and found out that Rick just had a cancellation on August 5th and he could now book us...what timing!

Steve also said April breakfasts are at American Legion, they start at 9:30 and bring cash...with a chorus of "bring your own syrup" from several knowledgeable members.

Also, there would be no official HOG breakfast on Easter.

May's breakfast would be at Erica's and May's meeting will be at Champlain Lanes in Shelburne.

Assistant Director-Mark Allard: Mark had attended HOG training this past week and wanted to let us know that declining membership in HOG chapters was happening all over, not just with our chapter. Ronni and he had kicked around a few ideas on their trip home

but hadn't come up with any concrete plans. He did say that members should try and go to the dealership more often and just talk with people about our Chapter and let them know the kinds of things we do. Invite them on a ride or Sunday breakfast.

Secretary-Greg Magnant: Greg just asked for a show of hands from those that rode so he could forever note it in his minutes. While counting he heard several derogatory remarks on his counting skills and/or qualifications, including "there's more hands than he can count".

Treasurer-Dan Airoidi: The Hog Man said it had been a good snowmobiling winter up towards Lowell and points North but then remembered his true calling and stated that "all known bills are paid and there's a little money in the bank". Steve said that that's why he was trying to get everybody to buy tickets tonight as funds are getting low and we need enough money in the bank to pay for our roast.

Editor/Head RC-Rob Lunn: Rob said his ski season was winding down and he was transitioning down the mountain. His draft is ready to go and just waiting on the minutes. Rob said that there was a mystery guest in the newsletter and we would find out who that is when the Newsletter is out.

Rob had been down to the Central VT Chapter's last meeting and had talked with Brion Muzzy, their director, and had continued discussions on one of our co-chapter rides on July 8th with Central VT (and a 2nd one on Oct 8th) along with the fact that Ben Drury had invited their chapter to join our Rolling Thunder Ride as well.

Rob also thanked all the RC's for putting together our list of rides and to check our schedule to fill in the blanks for any rides that still needed sweeps. Rob also said we have a couple of RC's in training this year. Dana Nahumck who is taking the ERC and Mark, who has already taken it.

Safety-Dave Mickey: Dave talked about the ERC course coming up next month and only had 4 registered, which quickly turned to 6 when Sue and Doug White spoke up with their intentions of going. Dave reminded us that HOG reimburses us \$50 and insurance companies sometimes give a discount for successfully passing the ERC.

Steve suggested to Dave that it would be a good idea to have some sort of crash scene training put on by EJFD or a group of that nature. Dave said he would be up to it.

Membership-Ronni Allard: Ronni said there was much talk at HOT training on how to get new members and the young members that need to come in to take over for the old guard. Ronni suggested new members don't have to ride Harley's, they can become an associate member. Then they start having fun and eventually walk into that dealership and buy themselves a Harley...we hope. We can bring them as a guest on a ride.

Ronni also suggested that we give our HOG display at the dealership a new look as it hasn't been changed in a while. New pictures if you have any, would help. Ronni also said that Peter would let us set up a HOG table at any time. Ronni also suggested while you're in the dealership, wear your vest and just talk about HOG.

LOH-Sue Carp: Sue also mentioned the Maple breakfast at Georgia Mountain and the Go-karting night at Essex Speedway...so not to short change March. Sue had wished the Pearsons had been to the Paint and Sip, they missed a good time.

On April 24th, Sue wants to do a pizza and putting at PizzaPutt. All you can eat pizza for \$4 and unlimited putting for \$5. Sue plans on being there around 6 p.m. and hopes we can join her.

Sue talked about the trailers at the "ChiPs" movie and described them as good old raunchy summertime adult humor and wants to go see the new "Baywatch" flick which comes out in late May.

Sue also suggested doing something perhaps at the dealership, centering on group riding. Dave Mickey talked about his group riding class that he had done in past years and would be happy to do it. Sue was wondering if there was a way to not make it so classroomy and maybe take it outside and be interactive. So if you have ideas, let her know.

On August 24th, Sue has added a ride to the Snow Farm Vineyard & Winery to see the Phil Abair band play. She will put details out later but the ride will meet at the Chimney Corners Mobil in Colchester. There was much fun had there last year. Sue also suggested the Owl's Head Blueberry farm that might lead to a ride to pick some berries and listen to some music. Keep those ideas coming.

Mother Hen-Kim Drury: Kim wanted to remind everyone about rooms for the Rolling Thunder ride, of which there were 2 left and that she was unsure of the rooms left for the 4 Corners ride. The motel said there were none left, but she only had 10 rooms taken on her list. Bruce Brown confirmed that they had one and Kim asked that if you have booked a room and haven't told her, please do so. Rob also brought up that Bentley's is booking rooms now but Kim said they were already all gone for the dates of our September trip.

Social Media-Ramsey Blohm: Steve introduced our new social media guy, to which Ramsey simply smiled and listened to all the "old folks" complain about their Twitter and Snapchat accounts. Good luck Ramsey!

IAR-Ben Drury: Ben wanted us to know that we can now register at 1-800-HOG. It's now working and the info is going thru. There are now over 400 registered and it is the most in Bruce Motta's (of Harley Davidson) area. Ben also said the IAR (now called the HOG Iron Adventure of New England) needed volunteers and/or if you have rides send them to Ben and he will get them on the schedule.

GMHD-Dave Pearson: Dave mentioned the good time at Men's night and that Women's night was coming up in May to which Steve suggested he needed to find some dancing guys for the girls, to which Dana Nahumck replied "Not necessarily".

Dave said that Kim Curless is doing a scavenger hunt at the end of the month. It will be limited to 10 teams of two with cool prizes and a neat route to scavenge your booty. Dave said there would be more details in an upcoming e-mail.

There was some discussion on the actual date of Ladies Night and Dave assured the ladies it was May 19th depending on the availability of naked men or whoever.

Dave also asked us to let the Moose Foundation know if anyone needed help from the Moose. Dave said the foundation has over \$10,000 in the bank and they are in a good position to help. Dave, Tim White, Mike Mitchell and now Mark Perry from the Central VT Chapter are directors of the Moose. The requirements to help are being a VT resident injured anywhere, or a visiting rider getting injured in VT. Also, no drugs or alcohol can be involved on the rider's part.

Greg asked if the young rider that recently got killed in Colchester had been helped to which Dave said that they don't get a lot of requests from fatality situations, but would try to look into it.

The meeting concluded with the feeding of the HOG, after which Debby Pearson gave her slide/commentary presentation on her trip to the Arctic Circle (she went in 2000) which took her a month to do. If you didn't make the meeting, you missed out.

Respectfully submitted,
Greg Magnant
CV HOG Secretary

The Sonora Rally 2017 - Not your average "Rally"

Words from Dave Pearson

I have done more than a few HOG Rallies in my life. The 2017 Sonora Rally was a little bit different. Never have I seen such endless rolling sand dunes like the ones of the Sonoran Desert in Mexico. Coming off our **"On Any Sunday"** movie night at the shop, I was fired up to race...that is to say the least. As many of you know, I have been racing dirt bikes since my 20's and these kinds of movies truly get me inspired to push it. As one of my New Year's resolution I committed to get back into racing. So, brother Jim and I headed down to Mexico to race the 4-Day Sonora Off-Road Rally (www.sonorarally.com). What an amazing adventure.

This was very different than races of the past. First - it turns out I am getting a little old and the body is broken up a bit. Second - the race was in a format that I was not familiar with. Not only was it about going fast for 4 straight days through some of the most rugged terrain in North America - it was also about being able to navigate that terrain without penalties or time delays. Attached is a sample picture of a road book that gives you an idea of the compass headings, symbols and directions you need to follow to complete this race. No maps (GPS or otherwise) allowed and you must hit your secret way-points along the race to not have big time penalties.

At the end of each special test we were timed and docked for any missed way-points. At the end of each day all those times were tallied and we started the next day in order of our position. We camped two nights in the desert (OK, one night on a Beach and one in the middle of mountains of Sand Dunes). After each day, there was always a cold beer and a wonderful meal ready before totally exhaustion set in and you slept in preparation to start the next day.

It turned out to be a very good race for me. I landed in 4th position for days one and two and dropped to 6th on day three. Thanks to lucky navigation on the final day, I managed a 4th overall for the race. I was the first non-pro racer in the moto class to finish. Over the four days I was assessed one 20-minute way-point penalty and one speeding (Deb would be proud) penalty. As it turned out, I was also 15 years the senior of the oldest of the top three racers. The pictures attached do no justice to the overall terrain and effort that all the racers had (for some video - check this out: <https://youtu.be/p6GodOzni7Y> or search Sonora Rally 2017). Ultimately, this was a game of attrition as more than half the bikes were not able to complete all four days (mechanical issues or physical challenges).

As for Brother Jim - I will let him share his story. He had a different type of adventure. Many people have asked "will you do it again"? If my body and my bike manage to keep rolling, there might be a few more races in my future.

For now, back on the Road Glide, enjoying the New Mexico roads and endless curves that give me a level of satisfaction that is on par but different than the off-road world. I hope our crazy weather is past us and it is great riding time.

Enjoy the adventure,

David
